Our main business is to distribute my books and people will come gradually. Everything should be done for that purpose.

Actually producing and distributing books is our **most important engagement**, all other engagements culminate in this one end distribution of books.

There is no doubt about it, to distribute books is our most important activity. The temple is a place not for eating and sleeping, but as a base from which we send out our soldiers to fight with maya. Fight with maya means to **drop thousand and millions of books** into the lap of the conditioned souls. Just like during war time the Bombs are raining from the sky like anything.

I am very glad to hear how the book distribution is increasing more and more. **This is our greatest weapon.** The more the books are distributed, the more the ignorance of the Age of Kali will be smashed. The world is feeling the weight of this Hare Krishna Movement, especially in your country. We have to **increase this book distribution** work more and more to firmly establish this Movement, which is the only hope for the suffering living entities.

Regarding printing our books and literatures, I may inform you in this connection that I saw one bulletin of “Indian Railways” in which it was specifically advised that every railway servant should see to it that the wheels of the carriages or vehicles must be moving always, which means that the railway is going nicely. Similarly all of us should see that **our literatures are profusely distributed**. That means that our missionary work is going on nicely. Otherwise we are simply sleeping and eating.

So-called transcendental meditation, go to the Himalaya and go to the forest. We are not interested in all this nonsense. Our only business is to **spread Bhagavad-Gita As It Is**, door to door, town to town, city to city. We are not going to seclusion. Prahlada Maharaja said, “This is professional bluff: ‘I am going to the Himalaya. I am going to the forest.’ ” Prahlada Maharaja condemns that “These are professional bluffs.” Or they may be sincere, but still, they are trying for their own salvation. Prahlada Maharaja said, “I am not interested in that sal... I am interested for everyone’s salvation. **Everyone must go back to home**, back to...” That is Vaisnava, not that “For my own salvation I go to Himalaya or in the forest and transcendental meditation, nonsense...” We are not interested in those things. (laughs)

This [book distribution] is our most important work. All the leaders should tax their brains for increasing the sales of our books. I have always said that if **we simply rely on book distribution** all our needs will be met.

Anywhere, this is our main program. Print books as many as possible and distribute. This is **our main program**. All other programs are secondary. So with this aim in view, work all together.

Ramesvara: Everyone is now wearing these “**Double It**” buttons. The whole movement is simply thinking of doubling book distribution, doubling it.

Prabhupada: Yes, that is **our real mission**. Yare dekha tare kaha ‘krsna’-upadesa. That’s all.

We don't approve that go in a solitary place and chanting. My Guru maharaja did not approve! **This is all nonsense.** You cannot chant. Sir you'll sleep only and think of all nonsense. You must be engaged for preaching work!
